digzyme Custom Enzyme Lab

Easy and Convenient!

On-Demand, Subscription-Based Custom Enzyme Development

With our proprietary in silico enzyme design, you can access advanced development on a subscription basis

※The image is for illustrative purposes only.
Actual specifications may differ.

Challenges we address:

- Limited budget at the feasibility study stage
- Lack of know-how, personnel, or equipment for enzyme expression
- Difficulty in utilizing enzyme discovery data alone

We meet the following needs

- Testing enzymes not available commercially
- Low-cost exploration of optimal enzymes
- Evaluation using actual enzyme samples

**We can solve
all of these!**

No clear
requirements
needed

WANT

Libraries tailored to
your requests

Rapid
design

Enzyme
expression

Regular
supply of
purified
enzymes

We can adjust development flexibly
based on your feedback
